Council reacts negatively to report requested on monolithic sidewalks

Mr. Neville Bothwell of the BACM development firm, and a member of his company whose field is transportation planning met with Council Committee of the Whole Monday evening on five items of business arising from the minutes.

First to be considered was a report which council had requested from BACM on the cost savings of using a monolithic sidewalk system in Lacombe Park. The report was to be broken down to give savings and information on the use of monolithic sidewalks as collector roadways as well.

BACM had circulated a report to council with a plan sketch indicating possible use of monolithic sidewalks through the area in an arrangement which would net an estimated reduction in servicing costs of \$30,000.

The sketch also indicated monolithic sidewalks which might be used as collector roadways and the report indicated a cost reduction of \$30,000 there as well. However BACM did not recommend the use of monolithic on collector roadways at this time.

Monolithic sidewalks eliminate boulevards, so that

the sidewalk joins the road, and use a shallow rounded curb. The term, of Greek origin, originally referred to something cast from one stone, such as a pillar or monument.

In conclusion the report noted that BACM representatives would be prepared to discuss with council ways in which the reduction in servicing costs might be reinvested in the community, to the benefit of Lacombe Park residents.

Coun. Hudson asked Mr. Bothwell what the entire savings would be, in both monolithic sidewalks and collector

roads, if the principle was adopted for the entire Lacombe Park area - as opposed to the limited area proposed in the report.

"Multiply each figure six or seven times," replied Mr. Bothwell.

Continued on page 2.

Mayor Dent addresses Kinsmen and guests at a meeting held Monday evening in St. Albert Inn.

Mayor Dent Speaks To Kinsmen

Mayor Ivor Dent was the guest of the St. Albert Kinsmen Monday evening on the occasion of their annual invitational dinner for businessmen and community leaders. His subject was 'Unitary Government Provides Control of the Quality of Life,' and Mr. Dent reiterated his thinking that for "effective exercise of its planning responsibility city government must have CONTROL over the whole area of urbanization." Mayor Dent also expressed the opinion that residents of the area included in the city's proposed major annexation will benefit from improved library, parks and recreation, fire and police protection and transit services, among others.

However the questions directed at the city mayor indicated that his audience was far from being in agreement with his position.

Larry Mitchell, who led off the question period, expressed the viewpoint of many when he said he had moved to St. Albert from Edmonton, because he preferred a small town environment, while admitting that it is no longer that small a town. Mayor Dent felt people shouldn't be trying to 'escape' in this manner.

Other questions dealt with the economic feasibility from the city's standpoint of taking in St. Albert, to which Mayor Dent replied that the city would lose money in so doing; the point that St. Albert now enjoys good police and fire protection which might be not as good under Edmonton control; the fear of losing a strong voice in municipal government and the feeling that Jasper Place residents suffered downgrading of street cleaning, snow

removal and other services after being 'annexed' to Edmonton.

Kinsman Peter Davis introduced the supper and he was thanked graciously by Bill Hite who presented him with a gift. A good turnout of about 80 guests attended the meeting, which was chaired by President Barry Welsh.

Bob McMaster dug up \$26 for the Cystic Fibrosis Kin Project with a well run auction, and the businessmen and organization heads, and local members of various boards enjoyed a visit together to conclude the evening.

Polish National team to play in St. Albert

The Alberta Amateur Hockey Association announced this week that the Polish National hockey club will

play the Jasper Auto Parts Comets in St. Albert, January 4, 1974.

The touring club's only other game in Alberta will be played in Calgary.

Comets excellent showing of good hockey and sportsmanship in last year's league and provincial playoffs no doubt led to their being selected as hosts of the game.

The Polish team will arrive January 3 and stay at the St. Albert Inn.

Advance tickets are now being printed and will be available at the St. Albert Sportsbar in a week or so.

For further information please call Larry Mitchell at 459-5200 or 459-4941.

The Town of St. Albert is solidly supporting the Comets in this venture and the Alberta Amateur Hockey Association has also offered assistance.

AGT Holds Open House To Show New Equipment

St. Albert is the first area in Alberta to have four special telephone calling features provided by Alberta Government Telephones. The four new features are: call forwarding, call waiting, three-way calling and speed calling.

The call forwarding feature allows incoming calls to be forwarded automatically to another number.

Many customers, both residential and business, regard call forwarding as a

economical form of answering service and an excellent form of security.

Business people can avoid missing important calls while, at the same time, giving the impression to all callers that their premises are occupied.

Distress centre volunteers, as another example, can use call forwarding to great advantage: they can live a normal family life at home while still being "on call" at the centre.

The call waiting feature is a first in Canada. This feature allows business and residence users to hold one call and answer another on the same line using a standard telephone.

Two half-second beeps, heard only by the called party, occur when a second caller is trying to reach a call-waiting subscriber.

The speed calling feature allows telephone users to dial only one or two digits to frequently called numbers.

Three-way calling allows a third party to be added to a call in progress. The three-way conversation makes it easier to make decisions that otherwise might require a number of separate phone calls.

Both of these services are available at reasonable monthly charges. Subscribers with phone numbers starting with "459" will have to have a number change to the "458" exchange if they wish to have special calling features. This number change will be made without charge.

Providing the four special calling features is made possible with installation of a new generation of telephone switching equipment called SP-1 electronic switching.

SP-1 electronic switching was put in service in St. Albert September 15th, and an open house tour of the AGT building was conducted yesterday.

AGT's Irene Vanderhoef and the president of the St. Albert Chamber of Commerce, Mr. Harry Cochrane demonstrate SP-1 electronic switching for the benefit of Mr. Robert Brown, chief administrator for the Town. Electronic switching provides great space saving and other advantages. For example certain customer service changes can be made by simply communicating with the electronic system via teletypewriter or tape input. The advantages of making assignment changes and receiving traffic information from a remote location are obvious.

WI applies for Centennial grant

It was agreed at a recent meeting that the St. Albert Women's Institute would apply for a grant of \$23,000 from the RCMP Centennial Committee. This grant has to be matched dollar for dollar either as labour or as financial support, and support from other service groups was solicited.

The grant will be used to obtain a permanent place for the Senior Citizens Club. Presently the club meets in the basement of the Community Hall.

Tentative plans are to renovate the Teen Centre and move it to Lions Park.

The meeting of the local RCMP Centennial Committee was well attended by representatives of service clubs and town council. All in attendance are assisting the Women's Institute in their endeavour, and were hopeful that the application will be approved. With 300 senior citizens in St. Albert alone a permanent centre is needed.

Continued from page 1.

The reply to Coun. Lukay's question on how the savings translate into cost per lot, Mr. Bothwell thought about \$125 - not on a lot-frontage basis - but when spread through the overall area.

The matter of re-investing the savings into the community was of particular interest to Coun. Bakker, who wanted to hear more. Stating first that the savings would be arrived at by actual cost after analysis, as compared to the estimates "we are working on here," Mr. Bothwell said BACM would expect to have a significant say on the manner in which the money is spent in the

community. "There are a number of ways this might be done," he said. "Possibly a community building - no doubt others might be adopted by mutual agreement with council. There is a principle involved for council as to whether this practice should be adopted, and how it should be implemented."

Coun. Thronson asked how monolithic sidewalks stand up - as observed in other developments - and how the residents liked them. "We get no complaints from residents," said Mr. Bothwell. Mr. Thronson also wondered about placement of trees, and snow removal considerations.

"We have a number of monolithics," said Mr. Bothwell, and indicated that snow removal on crescents is not usually a municipal job. Trees can be planted on town property between the sidewalk and homeowners property line.

Coun. Hudson moved that committee recommend to council that "in principle we favor approval of monolithic sidewalks, but not as collector roads, and approval of the principle of applying savings to the community."

Mayor Gibbon asked how many lots the BACM plan was based on - "all 212 acres?" and Mr. Bothwell said "about 300 lots - only as shown on our map."

Coun. Lukay felt all St. Albert residents should benefit from any cost savings, since the savings were not going to the individual homeowners. And Coun. Thronson agreed, mentioning the swimming pool as an example in point, where only Grandin Park residents benefitted. Coun. Thronson thought something like a covered arena could serve the community of Lacombe Park - yet spread out into the town."

In reply to Coun. Lukay's question why savings should not go to homeowners in Lacombe Park, Mr. Bothwell suggested it would be difficult for council to show that

a savings was in fact being passed on.

"Short of auditing BACM's books," said Coun. Bakker, "we would never know."

The mayor wanted a cost estimate on additional snow removal, and Councillor de Bruijn remarked that it would depend on "whether we use the grader or the sun!". The mayor felt however that with monolithic sidewalks, the town might have to clear the crescents after every snowfall.

Coun. Bakker asked if a centre strip would be available to push snow onto, but Engineer Maandag was doubtful.

Coun. Lukay said he would support a trial area using monolithic sidewalks, but could not support the report's suggestion on community investment of the savings. Coun. Bakker said he would oppose the Hudson

recommendation for approval in principle.

The recommendation lost on a tie vote 3-3, with Coun. Thronson and de Bruijn and Hudson in favor and Councillors Bakker, Lukay and Mayor Gibbon opposed.

Mayor Gibbon moved the report be referred to staff - who were on record as opposing it, - and Coun. Hudson asked - "why create the paper work?"

"I have staff's position," said the mayor, "but not their reasons." The motion lost, with Councillors Thronson, de Bruijn, Hudson and Bakker opposed.

Coun. Fyfe was absent. The Hudson recommendation will now come before a regular council meeting for approval or disapproval.

APPLICATION REFUSED

The next item considered

council reacts

was the BACM application for subdivision in Mission Park of an area on the west of that presently built up. Considerable discussion ensued on the matter of traffic flow on McKenney Avenue, the Morgan Crescent alignment and how it should come into McKenney, and the problems which could occur in crossing the CNR line cutting through the area. A motion recommending to coun-

cil that the subdivision be approved in principal was also lost 3-3. Coun. Hudson then moved a recommendation that the application for subdivision be "refused," which carried 4-2, with Mayor Gibbon and Coun. de Bruijn opposed.

This motion killed for the time being the other three agenda items involving BACM, which were related to the application.

ARE YOU INTERESTED IN A RCMP CENTENNIAL PROJECT?

The St. Albert R.C.M.P. Centennial Committee invites applications for assistance from individuals, community organizations, service clubs and any groups willing to promote a proposal for commemorating one hundred years of growth in Alberta of the North West Mounted Police. Cost sharing grants up to a maximum of 50 per cent of the cost of the project with a maximum of \$20,000.00 will be considered. The St. Albert Centennial Committee will assist with the preparation of the application for submission to the Alberta-R.C.M.P. Century Celebrations Committee for their approval. Applications must be presented to the Government prior to December 15, 1973. The St. Albert R.C.M.P. Centennial Committee will hold a meeting on Wednesday, November 28, 1973 at 7:30 p.m. in the Sir George Simpson School. It is your last chance to have your application considered by the Committee for submission to the Provincial Government.

R. B. Bowen,
Secretary-Treasurer.

Chamber considers secretary & office

St. Albert and District Chamber of Commerce discussed the feasibility of hiring secretarial assistance and acquiring office space for the Chamber at their regular November meeting. To help in assessing the situation, and in deciding which of several alternatives might be the most practical, the executive decided to invite applications in order to see what type of help and office space may be

available locally.

The Chamber is considering four alternatives: (1) hiring a secretary-treasurer with his or her own office space; (2) Hiring a secretary-treasurer who would share duties in co-operation with regular employment; (3) Hiring a part-time secretary-treasurer; and (4) Renting small office space for a secretary-treasurer in a town business area.

Applicants are being advertised for this week, and all applications will be kept confidential until the plans of the Chamber are finalized and personal interviews held.

Further discussion on the matter will be held at the December meeting, a noon luncheon meeting at St. Albert Inn.

HELP WANTED

St. Albert Chamber of Commerce is considering hiring a secretary-treasurer either full or part time and are inviting applications. Applicants should be prepared to take interest in Chamber work and attend all meetings. The position could be handled on a shared-duties basis with an existing job. All applications will be held in confidence prior to interviews and finalization of Chamber plans. Please apply in writing to Mr. H. J. Cochrane, President, P. O. Box 11, St. Albert.

MacEwan College accepting enrolment

Grant MacEwan Community College today began accepting applications for enrolment in 20 College programs which begin in January.

Grant MacEwan Community College is the only post-secondary educational institution in northern Alberta which operates on the trimester system. This allows students to begin a course of studies in January, May or September. In most cases a two year program can be completed in four 15-week trimesters.

In addition to the two year programs the College is accepting new students in Transportation Certificate, Self-Study and College Preparatory programs. The Transportation Certificate program, which is designed to prepare students for employment or advancement in the transportation industry, may be completed in two trimesters.

The time required to complete the Self-Study and College Preparatory programs is variable. These programs

are adjusted to suit the needs of individual students.

The Applied Arts division of the College is accepting new students in Journalism, Advertising and Public Relations, Audio-Visual Technician, Music, Interior Design, Design and Display and Art in Merchandising majors.

Accounting, Public Administration, Marketing and General Administration programs with majors in sales, international marketing, personnel, finance and management will be open to new students.

The business and administration division will also offer first trimester courses in Law Clerks, Fashion Retailing and Secretarial programs. The Secretarial Sciences offer specialization in medical, legal, executive, scientific-technical/accounting and bilingual areas.

The College's Academic division is accepting applications for admission to General Arts and Science, Canadian Studies and Instructional Assistants programs.

Classes in all courses begin January 4. Registration will take place January 2 and 3, but students may pre-

register at the College's Admissions Office, 10765 - 97 Street between now and December 10.

Liverpool visitors active Seniors

Lin and Len Hobson of 9 Lester Cres., have certainly had something to be happy about this winter. Mrs. Hobson's parents, Mr. and Mrs. Wm. Freeman of Liverpool, England, flew in via Toronto to visit them on October 7. The Freeman's will be here for three months and they arrived in plenty of time for the birth of their third grandchild, Michael John, born October 30. The new baby and Mrs. Hobson returned home from hospital on November 5, which happened to be the Freeman's wedding anniversary. Mr. and Mrs. Freeman will also celebrate their birthdays

here on December 23 and January 15, respectively. Mrs. Freeman is a very active member of a Senior Citizens Club in Liverpool and holds the position of secretary. The couple plan to visit the St. Albert Seniors Club on November 22. This is the Freeman's second visit to Canada but the first winter trip. First impressions - they love the winter sunshine and snow.

LETTERS to the Editor

Volunteers recognized

The Editor:

In a recent Gazette article informing senior citizens of a forthcoming activity it was stated that rides would be provided by the Lady Lions. I would like to give credit where credit is due - to those many people who volunteered their time and cars to drive senior citizens to meetings, doctors appointments, physio treatments and other commitments. My main reason for writing is to clear up a misunderstanding - that this service is a

Lady Lion Project. I am fully aware that the Lions and Lady Lions have done much to help the senior citizens of St. Albert as I am a member of the latter group. However 90 per cent of my volunteers have been people who are not in any way affiliated with the Lions and it is to those people I would like to give recognition. A few of the volunteers I received might say "I volunteered but was never called on." This was likely because they volunteered for evening or weekend driving for which we have had little demand. I would like to thank all those who offered their time, and ask any others who would care to involve themselves in this most rewarding service to call me at 459-8379.

Cindy Ryley.

A few questions

The Editor:

Now that winter and hockey season are here, I would

like to ask a few questions, I have been unable to get answered.

Last year, same season, after some lengthy discussions with our parks department, I was told that \$90,000 had been allotted to build three pairs of outside rinks with a common cement block clubhouse for each pair, in three areas of St. Albert. Where are they?

Our Sturgeon River could be developed much like Mayfair Park in Edmonton. This was suggested last year, and with the growth of St. Albert over the past year we certainly need more public skating areas. I was then asked: (1) How about our snowmobiles? (2) How would we flood it? (3) How would we light it? Number one is solved. Surely the others do not require too much effort to solve.

Hunters were prohibited from hunting on lakes in the area this year because of poor legislation in the M.D. of Sturgeon of which we are a part. The hunting lodge on Big Lake continued to operate. How come? Will this be forgotten now until next year when it may be too late to change it?

These are only a few personal questions and I'm sure there are many more from others. It was suggested in discussions that if you don't like it move. Is this good government?

M. N. Olson,
27 Balmoral Dr.

Following distance - how is yours?

As we approach the winter driving season The Canada Safety Council kit arrives with reminders of the many safe driving practices that must be observed to overcome the additional hazards faced during that difficult season. At the onset of winter's tricky light, bad weather and poor road conditions there is an inevitable rise in accident frequency that tapers off within a month or so as drivers become more familiar with winter driving conditions and remember how to combat them.

When you consider the matter, the only thing a driver controls in a traffic environment, outside of his own vehicle, is his following distance. This is his space cushion -- his "living room" Observation of this "following distance" rule is number one on any list of safe driving practices.

This is one technique that all drivers can practice with a minimum of effort and which will guarantee a minimum exposure to risk. There are two ways to establish the correct following distance. One is the long-established, one-vehicle-length for every 10 miles per hour of recorded speed. A newer method is to observe the two-second interval between your car and the car ahead. A normal count of "One thousand and one -- one thousand and two" is two seconds. Time it with the sweep hand on your watch. As the vehicle ahead passes any fixed object, start counting. If you pass the same object before finishing your count you are too close. Under really bad weather or light conditions make your count three seconds or even four seconds for an added measure of safety.

BACM executive puts view of developer on urban development

Substantial increases in the cost of servicing residential land, stemming mainly from shortages of materials and labor in the province, are imminent, according to N. F. Bothwell, president of the Urban Development Institute, representing the development industry in Alberta.

Speaking at the institute's annual luncheon, at the Edmonton Club, Mr. Bothwell, vice-president of BACM Development Corporation saw these costs being passed, as a matter of course, to new homeowners, and he warned that municipal governments must critically analyse their present servicing standards for new subdivisions, and defer any further elevation of standards in the interests of keeping new housing accessible to an acceptable percentage of would-be homeowners.

"I consider the situation to be of such concern that municipalities should examine their current standards and demands on the new homeowner with a view to eliminating some of the expendable frills in favor of keeping good housing accessible to a greater range of incomes," Mr. Bothwell said.

Dealing with the shortage of serviced land, he observed

that while Edmonton City Council has approved outline plans covering some 15,000 acres of land, Council policies have not been translated into action by the administration; and that in Edmonton at present, at least four years of intensive effort is required before active servicing of land can commence, with detailed planning approvals "still a major stumbling block."

Mr. Bothwell termed the land speculator "our enemy too," noting that "more and more frequently we see land eminently suited for early development being either held off or priced right off the market... aided and abetted by the artificial curtailment of the supply of developable land." He saw Calgary as an example of what happens when a reservoir of land is allowed to fall into short supply. As this has happened, he says, the prices of land suitable for early development "have escalated dramatically."

At the same time, he rejected land banking as a solution to the shortage of land, noting the massive expenditure of public funds and subsidies required and pointing out that land banking has

never succeeded in areas of sustained growth. He reiterated that the problem is not one of physical shortage of land, but one of rendering it available for development.

Referring to the City of Edmonton's proposals for expansion, and warning that "the uncertainties generated by this proposal are already affecting development in the areas of municipal jurisdictions within the proposal," Mr. Bothwell called on the Provincial Government to deal with the proposal at the earliest possible time, pointing out that "any delays in development in these areas, which are absorbing a considerable portion of the servicing of this region, cost only result in higher costs to the homeowner."

Around Town

Two young men around town left by car Monday for Toronto and the Grey Cup, Rob Carlson and Isken Browne might make it on to Montreal before their holiday is over, if weather is good and things don't fall completely apart back home at Duffy's place.

Farther Afield

What motivates?

With the suggestion that Canadians should consider restricted Sunday driving and drive consistently under 50 miles per hour, in order to save fuel, it will be interesting to see whether the energy situation will get to drivers more effectively than the admonitions of the Canada Safety Council as National Safe Driving Week approaches (December 1-7).

Will we in effect drive at 50 m.p.h. to save fuel, when we will not do so in winter conditions to save lives?

The matter of where we have our real concerns will again come up as the American official, Mr. Rogers Morton prepares permits for the moving of Alaska oil down the West Coast of B.C. to U.S. markets. In the face of a so-called "energy crisis" will the fear of large spills of oil into the ocean be downgraded? There is also the very real threat of another Alaska earthquake which could augment the danger of a really serious spill?

It will be interesting to see if the environmentalists lose this battle with its serious portent for our children and grandchildren, in the face of a cutback of the modern conveniences we have grown to love so well.

ST. ALBERT DIRECTORY NOTICE

Deadline for information and advertising copy in the 1974 St. Albert Directory is November 23, and the Directory will be published in December. Local organizations, clubs and institutions appearing in the 1973 Directory are being contacted, as are last year's advertisers. New organizations and new business firms who wish to be included are requested to contact Ethel Ward at the Gazette, 459-7001 or at 459-6591. Such firms and organizations as will be starting early in the new year will also be included if they wish to contact Mrs. Ward.

Seniors president gets invitation

Last February, Mrs. Lily Szuba of 42 Birch Drive, represented Senior Citizens on a Federal L.I.P. program

sponsored by Mayor Ivor Dent of Edmonton. The project was to obtain signatures for a petition to increase pensions for senior citizens and it was co-ordinated by the Ad Hoc Committee regarding Old Age and Veterans' Pensions.

Mrs. Szuba collected 255 signatures for the petition and she received an award of \$225 for this and for her other work in the program. Mrs. Szuba generously donated this money to the senior citizens club of St. Albert. In recognition for her efforts,

Mayor Dent has invited Mrs. Szuba to attend a coffee party at the Hotel Macdonald on Nov. 26, 1973. Mayor Dent wishes to personally thank Mrs. Szuba and other participants in the program who will be in attendance.

McCanns attend Dairy Queen Event

Max and Joyce McCann, operators of the Dairy Queen on St. Anne Street attended the International Dairy Queen Regional Convention in Winnipeg on November 15 and 16.

Approximately 200 other Dairy Queen store operators from several provinces and states were present at the event.

The purpose of the convention was to up-date store operators on current methods of operation and service to customers. Among the topics covered in seminars and discussions were nutrition, training employees, product preparation, service, cleanliness and equipment up-keep.

"Operating a Dairy Queen Brazier store has been a rewarding experience for us," Mr. McCann said. "Each year, there are new challenges to meet, new goals to achieve. Our main objective, of course, is to serve our community with a clean, wholesome operation that meets the public's eating-out needs."

"The information derived from the recent convention meetings should better enable us to provide our customers and potential customers with the products and services they rightfully expect from their local business community."

People were at work, doing what they enjoy, in every corner of the Arts and Crafts Centre in St. Albert Monday evening. Jean Crozier does some sketch work before proceeding with her pottery project. The Arts and Crafts Guild are holding their annual pottery sale November 30th and December 1st this year.

Students doing play

A play for children. That is what Paul Kane High School Drama Club has been working toward for weeks now. The play in three acts is called "Many Moons" and is based on the James Thurber story.

It is the story of the beautiful Princess Lenore. She is ill because her father the King is unable to get her what she wants - the moon! This leads to a battle of wits between the King's wisemen and the court jester each for different reasons interested in making the princess well again.

The play will be presented

at Paul Kane High Friday evening, November 30 at 7 p.m. and Saturday afternoon December 1 at two o'clock. All children are welcome.

Admission is 50¢ for kids and \$1 for grown-ups.

Scouts and Dads enjoy outing

Fifteen boys of Third St. Albert Cubs and Scouts had a rugged first experience in feeding for themselves outdoors, when they hiked out to the Guide camp on a November Sunday morning against a chilling wind for a father and son cookout. They were accompanied on the hike by Leader Al Barnes and Phil Sturgess, group committee chairman. One of the fathers, Val Boorse went out ahead and the other dads drove out for a noon meal prepared by their sons. Nearly all the boys were new - just up from cubs, and this was their first cookout. They average 11 years.

The Scouts organized the event under three patrols with patrol leaders arranging what each would take by

way of supplies and equipment. Each patrol planned its own outdoor menu.

At the camp site they set up a windbreak, first, but even then it was hard work to get a good fire going. However by 12:30 they were ready for their dads with hot soups, stew, hamburgers, baked potatoes and Mr. Barnes reports the fathers enjoyed the outing thoroughly.

Part of the outdoor training program for Scouts is to leave a camp in as good or better shape as they find it, and after the meal they got to work, enlisting the help of the dads.

Through the year the leaders plan to have other projects involving the scouts and their fathers doing things together.

ST. ALBERT (Across the street from Imperial Lumber)

Bring those papers anytime!

The Brownies and Guides involved in local paper salvage are happy to announce that from now on St. Albert residents can bring their newspapers and magazines to the 'Grey Door' garage, located on the grounds of St. Albert Roman Catholic Church, anytime at all.

Previously residents

were asked to come week-ends only, when bins were provided on the site.

The girls would appreciate very much the co-operation of the people in bundling their newspapers and magazines separately, and tying each bundle securely. As can be appreciated this is a near impossible

task for them in cold weather, standing out in the open.

It is a requirement of the salvage company that bundling be done this way. The guides and brownies will look after loading the bundles, which is also done in a certain way.

Last year there was so much paper delivered that it was difficult to handle, but with a whole garage now available, the girls will be able to handle all that is brought. All the proceeds go to the work of guides and brownies, including projects such as supporting orphans, plus community service work and training programs. There are no administration costs whatever.

When Mr. Jim Roberts of Edmonton Salvage (the only area company) found the market was flooded with mixed paper, he arranged for sales to the Japanese market of newspapers and magazines. First class newspaper brings 40¢ per hundredweight.

The guides and brownies, are grateful to their many supporters and invite new residents to dispose of their papers and magazines in this way as well. Any day - any time - at the Grey Door! For information or in the case of people who have no car, please phone Merle Vacirca at 459-7459.

Historical society gets first employee

Through the Provincial Priority Employment program, Mrs. Lucie Hermans of St. Albert has become the first full-time employee of the St. Albert Historical Society. The special grant was arranged through the Provincial Museum and Archives of Alberta and allows for five months employment. During this time Mrs. Hermans will assist Andy Boyer in the completion of the new displays in the Crypt, working with the volunteers who have researched and planned each display cabinet.

Mrs. Hermans, a resident of St. Albert, worked as a volunteer in the museum. Her work will also include some cataloguing and research.

The extensive renovations in the Crypt are nearing completion and will offer people visiting the Historical Mission Site added information on Bishop V. Grandin and the early missionaries. Cost of the renovations are being shared by the Archdiocese of Edmonton, the Parish of St. Albert and the Historical Society.

ANNUAL MEETING

The St. Albert Safety Council will hold its annual general meeting on Tuesday, November 27, at Robert Rundle School at 8:00 p.m. An invitation to attend is extended to any interested members of the public. Refreshments will be served.

1974 stamp program

Postmaster General Andre Ouellet has announced the Canada Post Office Stamp Program for 1974. A total of forty-five stamps have been incorporated in the schedule, including two issues of Olympic semi-postal values.

Each issue of Olympic semi-postal values will be offered in surcharged denominations of 8¢, 10¢ and 15¢. Both issues will feature four different designs repeated in the three denominations for a total of 12 stamps each issue. The designs, stressing physical fitness, will depict Canadians in typical outdoor activities. The designs for the spring issue portray swimming, jogging, hiking

and cycling. Continuing this theme, the fall issue portrays skiing, skating, snow shoeing and curling in its designs.

A special issue of five stamps in June will mark 100 years of letter carrier service in Canada. The designs will depict the principal occupations of the service.

Four centennial anniversaries are featured in the commemorative. The city of Winnipeg's centennial will be marked with an issue May 3. The issue of a stamp on Agriculture in Canada on July 12 coincides with centenary celebrations in Guelph of the founding of the Ontario Agricultural College. The

Around Town

Joan Murphy and Donna Loon, co-ordinators for the candy-strippers, report that last Saturday's enrolments went very well. Eighteen girls and guys registered. The eighteen will take a crash course on December 1st starting at 9:30 a.m. and lasting until 3 p.m. They will then be ready to join the existing 15 candy strippers already working in the hospital.

The Seniors Club will hold a bingo and birthday party on November 22 at the St. Albert Community Hall 1:30 p.m. Senior citizens celebrating their birthdays this month are: Mrs. Irene Ricard; Mrs. Mary Benoit; Mrs. K. Skrobot; Mrs. K. Sebada; Mrs. N. Bolsvert and Mrs. Clouthier.

At a recent meeting, the Sturgeon General Hospital Auxiliary elected a new executive: Betty Willems, left, recording; Alice Scheibelhofer, treasurer; Lois Fabl, director of the gift shop; Mary Bondarevich, president; Sheila Cooper, 2nd vice-president and Betty Gagner, correspondence secretary. Helen Young, 1st vice-president is missing in the photo. Shirley McQuitty, president for two years, congratulated the new executive and wished them well. She also gave a special thank you to retiring Gift Shop Director, Liz Emmerson.

Cub & Scout Council To Meet

A meeting of special importance for all parents and supporters of the Cub and Scout movement in St. Albert is being held next Wednesday evening.

The annual meeting of Landing Trail District Council will elect council officers for the year 1974-75, and those who are working with cub and scouts are hoping that there will be a good turnout of dads and moms. By taking part in council activity, parents can free leaders to work directly with

the boys and to assist new leaders.

Membership in the council is down at a time when many many boys are taking cub and scout training, which

is creating some problems.

The meeting will be held Wednesday, November 28 in Sir Alexander Mackenzie School gym, beginning at 8:30 p.m.

Comets make it three with win over Barrhead

Harvey Kirkland's two goals led Jasper Auto Parts Comets to a 5-2 win over Barrhead Sabres Friday night in St. Albert. The victory was the third in as many games for St. Albert in the eight-team Edmonton Central Hockey League. Comets two other wins came at the expense of Stony Plain Eagles.

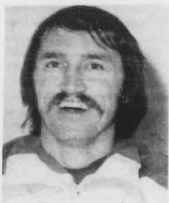

St. Albert's first big test of the young season will come this Friday when they travel to Westlock for a game against the Eagles who are also undefeated in league play. Westlock have two wins over Leduc Oilers and one over Barrhead.

In the Barrhead game Kirkland scored both his goals in the first period to give Comets a 2-0 lead. While Comet defenseman Paul St. Cyr was sitting out a holding penalty, Gary Lofts fired in a power play goal for Barrhead with the opening period ending 2-1 for St. Albert.

Sabres, Doug Whitcomb tied the score 2-2 midway through the second period but the tie was short-lived. Ex-U of A Golden Bear star

RANDY CLARKE

HARVEY KIRKLAND

Dave Couves scored on a perfect passing play with linemate Harvey Kirkland setting him up with what proved to be the winning goal. Couves playing his first league game also set up Kirkland's two first period goals. Randy Clarke scored the insurance goal late in the second period and Perry Pearn scored the fifth with only 20 seconds left in the game.

Coach Gary Checknitz played both goaltenders with Zane Jakubec playing the first two periods and Wally Weneck the last 20 minutes.

Besides the Westlock game Friday night the Comets will also travel to Barrhead Saturday night. Barrhead are still looking for their first win of the season after four straight losses.

League standings as of Nov. 18 are:

	W	L	T	P
St. Albert	3	0	0	6
Westlock	3	0	0	6
Sherwood Park	3	0	0	6
Leduc	2	2	0	4
Winterburn	1	1	0	2
C.F.B.	1	2	0	2
Barrhead	0	4	0	0
Stony Plain	0	4	0	0

Proud members of the St. Albert Avengers Bantam Football League are shown above with their team trophies presented Thursday night at the banquet. From left to right - Terry Leddy with the Mamie McNabb trophy for the Husky Bantam League's most gentlemanly player, Sean Kehoe with the Javelin Jacket trophy (left) for the most outstanding offensive player. Sean is also helping hold along with Mark Tworek, the league trophy for finishing first. Tworek's other trophy from Javelin Jackets is for the outstanding defensive player. Dave Ammar is holding the St. Albert Sportshop trophy for the best linesman on the club.

Avengers Banquet Awards

St. Albert Avengers football team held their wind-up banquet at the Purple Dude last Thursday. Head coach Rick Suggitt was the master of ceremonies and did an excellent job outlining the fantastic season the Avengers had in their first season in the Husky Bantam Football League.

Avengers won seven straight in league play plus one win in the quarter finals. J.P. Raiders upset them in the semi-finals and went on to win the league championship.

Coaches Barry Suggitt, Jim McBain and Rick Suggitt introduced their players and presented team trophies to each boy. A special guest, Mrs. Mamie McNabb was on hand to present her trophy in memory of her late husband, Harold McNabb to Terry Leddy showing best sportsmanship in the league.

Individual player trophy awards were presented as follows: Larry Mitchell presented the St. Albert Sportshop Trophy to Dave Ammar as the most outstanding line-man; Al Knight of Javelin

Jackets presented two trophies to Sean Kehoe as the most outstanding offensive player and to Mark Tworek as the outstanding defensive player. Sean Kehoe also won the league scoring championship.

A large number of parents, brothers and sisters turned out to congratulate the boys.

If you let a smile by your umbrella, you'll get a mouthful of rain.

Gervais wins top money in Prince George

Although he didn't have a team together the day before he left for Prince George, curling's Mr. Cool came through to win the Tournament of Champions, defeating Ron Northcott in a pressure final Monday night, to pick up a tidy \$3,700.

Hec Gervais had planned on having old team-mate Roger Comeau in third spot, but a grain heating problem forced Roger to stay home. Hec got in touch with Gil Swensen in Leduc, who was also short a third so they got together, using Gil's front end.

Hec needed a take-out with his last rock in the twelfth end, but no problem, and the rink won the event. He arrived home Tuesday evening, and when asked if Wes Montgomery was correct in saying that Helen was going to get a new dress, the reply came back real fast - "You bet - four dollars worth!"

Mr. Gervais may go back east to teach the greenhorns for another stint a little later on and Greenville is happy to be back with his family after instructing curling schools in Toronto in recent weeks.

Pee Wee's win two

The Pee Wee Lancers ousted their much larger opponents and came up with their second league victory on Saturday with a 3-1 win at Barrhead. Only sensational goaltending by Barrhead kept the score from being doubled.

Lancer pointgetters were Pete Tworek two goals, Troy Murray one goal, Breen Neeser one assist.

Friday night the Lancers started slowly but finally put it together and skated

to a 9 to 1 victory over Stony Plain. Stony Plain also showed some great goaltending. Pointgetters for the Lancers were Terry Harkness, two goals, two assists; Troy Murray, two goals; Rolliie Mowatt, one goal, two assists; David Lacob, Pat Poulin, Brad Liptak and Breen Neeser each picked up a goal and an assist. Cliff Greening had two assists and Pete Tworek and Jimmy McDonald each picked up an assist.

Danny Boumeister's three goals and a pair by Ted Rogers led St. Albert Rogers/Grandin Esso to a 7-5 win over the K of C team Thursday. Bill Barry and Guy Bourgeois scored the other Esso goals. K of C goalgetters were V. Soetaert with a pair while Peter

Van Brabant, P. Billodeau and Bernie Levasseur added singles.

Friday night the Grandin Gulf Blazers blasted Belcourt Power Kops 18-3 for their third win in as many starts. Russ Stevens, Bill Schur and Ron Wantamanuk scored a hat trick each while

Rick LeLacheur, Don Stewart and Ray Melnyk clipped in with a pair. Barry Kenyon, Bob Hall and Sheldon Webb added the others.

Sixty-five people participated in the St. Albert Invitational badminton tournament on November 17 and 18 with guests from the Royal Glen-

ora Club, Southgate, Northgate, Kingsway, Hillcrest, U of A and Manola. Winners from St. Albert were B ladies doubles, Betty Ontkane, and Beryl Harding. B mixed doubles Ian Abraham and Judy Woody; C mens singles Bill Leonard; C mens doub-

les Allan Musto and Phil Kemp; C mixed doubles Bob and Joan Green. C mens doubles consolation, Bill Leonard and Lindsay Petersen and C ladies doubles Kate Leviston and Marion Myres (Kingsway).

Lister Does It Again

a four goal performance by Matt Lister led the St. Albert Juveniles to a 12-2 win over Morinville in the opening game of the Juvenile BB League. Lister scored four goals in exhibition 11e BB League. Lister also scored four goals in exhibition play last week.

Other league members are Westcott, Stony Plain and Nampao.

The St. Albert squad is

coached by John Euen. Scott Ballantine and Mike Davids added a pair each while singles went to Gary Bruin, Roger Meunier, Claude Regimbald and Terry Kieser. St. Albert scored five in the first period, two in the second and five more in the final 20 minutes.

R. Chalifoux and M. Boissonault scored for Morinville.

St. Albert Bruins scored five third-period goals last night in St. Albert to defeat the Waterloo Mercurys 10-6 in Capital Junior Hockey League action. Bruins took a 3-1 first period lead on

two goals by Kelly McAvoy and a single by Mike O'Neill. Both clubs scored a pair each in the middle 20 minutes for a 5-3 Bruin lead. Mike Pearce and Jim McComb scored for the Bruins. Perry Whan scored an early third period goal to give the Bruins a 6-3 lead but two quick goals by Waterloo brought them to within one goal.

Bruins put the game out of reach midway through the final period on goals by Don Bryce and Bob Pearn. Mike O'Neill and Perry Whan closed out the scoring for the Bruins 10-6 win.

Mercurys Dave Martens was the games first star with four goals in a losing cause while McAvoy and O'Neill took the other two stars.

The winner was Mrs. M. J. Curial of St. Albert Trail, and at the social evening in the Legion Hall Saturday evening she hosted a round for all present.

Lady Lions Report

The November meeting of the St. Albert Lady Lions was held at the home of Sadie Ross on Monday, Nov. 12.

The Travelling Library was started with a good number of books changing hands which added some money to the treasury.

Plans are already well

underway for the Sweetheart Ball in February. Marilyn Garlepy is convenor of this event.

The club will purchase gifts for the senior citizens for their Christmas Party - December 11.

The December meeting will be held December 10

Visitors praise St. Albert

Recent visitors to St. Albert were Mr. and Mrs. T. H. Gibson of Barnard Rd., Sunderland, England. Mr. and Mrs. Gibson accompanied their daughter Ena Gardiner and her daughter Susan to St. Albert for another granddaughter's wedding, that of Deborah Percival of 40 Fleetwood Cres. Deborah married Nick George of the RCMP Red Deer on October 20th.

Both visitors have been impressed by the kindness and courtesy afforded them by St. Albert people and wish to express a big thank you to all those who made their stay such a memorable one.

Surprisingly, the climate did not detract from their enjoyment. In fact, they were delighted with the beautiful

winter wonderland that comes our way every year.

We hope that Mr. and Mrs. Gibson had a very good trip home and are sure that the many friends they made in St. Albert hope to see them back again soon.

ATA survey results alarm trustees

According to principals of Alberta schools surveyed by the Alberta Teachers' Association, about 19 per cent of the first-year teachers handling classroom duties were considered either unsuccessful as teachers or "only fair."

The survey results covered 839 first year teachers, and of these, 150 were in the above categories. Such proportions are causing major concern to Alberta school trustees, according to S. G. Maertz, associate director of the Alberta School Trustees' Association.

The same survey has been conducted by the ATA for the past three years and the Association says there has been little change in proportions of results. According to the survey, 26 per cent of those teachers judged "unsuccessful" during their first year, are still teaching Alberta children.

Of those judged "only fair," 83 per cent are still in the classrooms of the province. Only 17 per cent, or 20 of the "fair" teachers, left the teaching vocation.

Trustees, who are ser-

trustees

iously concerned over existing red tape and difficulties in terminating teachers, or transferring them, are alarmed that Alberta's teaching profession is continuing to accept performance of such teachers as being in the professional category.

Changes in the province's legislation only a year or so ago, removed from trustees the right to hire staff on a two year probationary period. Now, all they can do is hire new teachers on a one year contract. When and if that is renewed, it must be as a continuing teacher on staff.

In the study, teachers were evaluated on many bases. Poor classroom discipline and personality defects were the major reasons teachers were judged "unsatisfactory" or "only fair." Knowledge, classroom material preparation, and others were also used in evaluating the newcomers to the classroom. Principals said that many first year teachers made the serious error of

becoming "too buddy" with their charges and consequently unable to maintain proper classroom attitudes.

The study showed principals gave much credit to many Alberta teachers for their enthusiasm, interest, concern for students, and abilities in the classroom.

Concert band draws two standing ovations

Monday, November 19, saw a good audience at Vital Grandin School to hear one of Canada's finest community concert bands.

Conductor Harry Pinchin led the Edmonton Cosmopolitan Brass Quintet at this concert. At the end of the concert the band received two standing ovations and res-

ponded with an encore. Look for this band on Christmas Day on a CBC music special. The St. Albert Lions Band would like to thank the Cosmopolitan Band for coming, at no cost, to assist the bands in St. Albert; and St. Albert Cosmopolite Bob Sellers for arranging this concert.

Story contest nets good work

The story contest held by the St. Albert Public Library to mark Young Canada's Book Week was a great success both from the numbers of stories received and the quality of them. As announced, a collection of the best stories will be published by the library and distributed

free at the library. This collection will consist of the best story from each school grade and will include the following stories:

Penguin and the Mouse
Go Shopping by Bradley Lyle
Grade 1; How Canada is Changing by Allister John Bartsch, Grade 2; The Far-

mer by Mary Tworek, Grade 3; Mergatroid Finds a Friend by Ainsley Grant, Grade 4; Poor O'! Mr. Big by Judy Tworek, Grade 5; Brucey the Hardy by Brad Johnson, Grade 6.

In addition to the publication of these stories numerous other outstanding entries

will be on display at the library for the rest of the month. Many of these represent a lot of time and original thought and are worth a look next time you are at the library! Congratulations to all those who entered!!

Lions host ladies

The St. Albert Breakfast Lions co-hosted a Lady Lions Appreciation Night at the Kingsway Legion last Saturday, November 17. Together with the Host Club, the Breakfast Lions treated the Lady Lions to a evening of refreshment, dancing and liquid refreshment, to show their appreciation of the Ladies' assistance with the club's projects, and their dedication to Lionsism in general. There was a good turnout for the occasion, and a good

time was had by all, even the men who were footing the bill.

The Lady Lions will be again helping the Lions on December 11, at the Christmas party for the senior citizens, hosted annually by the Breakfast Club. Following the 7 p.m. dinner at the community hall, a program has been arranged to entertain the seniors and their guests, and a jolly fellow in a red suit and is expected to make his appearance before the festivities are over.

It's a might big do

Tickets are on sale in several convenient locations for the Chamber of Commerce big night on November 30, when the 1974 Citizen of the Year will be announced at the annual dinner dance, being held at Club Mocambo. Get yours soon and don't miss this popular fall event. In Grandin Mall see Emery's Pipe Shop, Sweetheart Jewelry or Hutchings Shoes. Downtown tickets are at Grandin Agencies and the Gazette office. On the highway see Rogers Esso Service and in Sturgeon Plaza they are at Heritage House.

The Gazette couldn't get so much as a hint from Chairman Doreen Gries as to who the new 'citizen' might be - she's just as good as keeping secrets as Jim Oilphant - woman or not! You can also phone Doreen at 459-8051, or Harry Cochran at 459-4557 if you wish

to have tickets held.

Around Town

Mrs. Theda Lund accompanied by her mother-in-law Mrs. A. Lund of Boyle, Alberta, returned recently from a week's vacation in Victoria and Vancouver. While in Victoria they visited Mr. and Mrs. Martin Lund and family and report that the weather was beautiful as was the Salmon fishing. Theda brought back Crabs and plenty of Shrimp which she netted herself in Oak Bay. It was a well earned holiday for Theda.

Mrs. Doris Hayden of 77 Beacon Cres., St. Albert, has received an award for excellence in Ukrainian. A class of nine sat for the written and spoken exam at the end of the winter Trimester at Grant MacEwan College. The course ran for 10 weeks and is sponsored by The Committee for Con-

tinuing Adult Education. Mrs. Hayden's award was in the form of a very attractive plaque and a cheque for \$25.00.

Two families, both former St. Albert residents, after returning to Canada from some years 'down under' are getting accustomed once more to winter weather, Canada brand. The Bob Brandles spent three years in Auckland, New Zealand and six months in Melbourne Australia before deciding to come back to Canada, while Noel and Joyce Stuart returned from four years in Melbourne and are now settled on Finch Crescent. Bob spent his time abroad in his regular line of work as a printer, working with a newspaper and in commercial printing, while Noel managed a print job in Melbourne. The two fellows have now gone into business for themselves in Bonaventure Industrial Park, under the name Stuart Brandle Printing Services Ltd., and have been operating since the beginning of October.

Anyone shopping downtown Friday or Saturday can enjoy a neat break by dropping in at Sturgeon Electrical Supplies on Perron Street

and having a cup of coffee with Roger and Germaine Montpetit. They would be happy to show you around and their new store is one to be proud of and a real asset to the business community. In case you have forgotten the Montpetits took over the grocery store of Gene Perron.

Do you like knitting? Do you like to sew? Got some time to spare? The Sturgeon General Hospital Auxiliary is in need of ladies to knit and sew handicrafts which are sold in the gift shop. All materials and yarn are supplied by the Auxiliary and of course all the profit made on handicrafts is donated to the hospital. If you would like to help please phone Mary Bondarevich at 799-5356 or Shirley McQuitty at 459-8496.

A certain gentleman, who was one of the last to leave the annual meeting of the St. Albert P.C. Association held last Thursday in St. Albert Inn, found his coat in the check room neatly turned inside out and arranged like a scarecrow on the hanger. The gentleman has no idea of who the culprit is, but he does have a lady's mauve chiffon scarf, found in the coat sleeve. It would seem that if the owner wants the scarf back - (now reposing in the Gazette office), some light may be thrown on the matter.

Residents of the area served by the Red Rooster store in Sturgeon Plaza were pleasantly surprised this week when they received a colorful carnation with a circular delivered to their homes. In apartments these made a gay display along the mail slot panels.

The St. Albert Breakfast Lions Calendar Project has been completed, and is in the hands of the printer. Calendars will be out by December 15.

Studded tires could pose travel problem

"To use, or not to use." That question should be given careful consideration by motorists planning a winter vacation in Canada and the United States with studded tires.

Investigation by the Alberta Motor Association indicates that in Canada, the Yukon, Northwest Territories, Alberta, Saskatchewan, and New Brunswick, there are no regulations governing the use of studded tires.

The Provinces of Nova Scotia and Quebec permit the use of studded tires between October 15 and April 15. British Columbia and

Manitoba allow the use of studs between October 1 and November 30; Newfoundland, November 1st and April 30; and Prince Edward Island between November 1 and May 31.

The only Canadian province which has a complete ban on studded tires year round is Ontario.

In the United States, four states prohibit the use of studded tires on their streets and highways at any time of the year. These states are: Florida, Minnesota, Mississippi, and for what it's worth, Hawaii. The Minnesota ban is one of concern

to Canadian motorists as a large number travel through that state during winter months. As one official of the Minnesota Auto Club stated, "If you're travelling in or through Minnesota this winter, make sure you travel bare-foot!"

Motorists should also note that studded tires will be banned in Virginia after April 15, 1974.

The Alberta Motor Association study indicates that all other states allow the use of studded tires, or restrict their use to the winter season.

Heritage Delegates Name L.G. Decore

At the founding meeting of Alberta's Cultural Heritage Council held in Edmonton October 19 to 21, Laurence G. Decore of Edmonton was named chairman of a temporary executive committee. Assisting Mr. Decore will be an executive of four members plus five directors.

The executive and directors of Alberta's Cultural Heritage Council were given the responsibility of directing the Council's activities until final ratification of a constitution at a meeting scheduled for February 1974.

Hon. Horst A. Schmid, cul-

ture, youth and recreation minister told delegates to the three-day meeting, representing more than 40 ethnic cultural groups in Alberta, that the Council they were in the process of forming will be an active and enduring force in the development of the cultural life of Alberta.

Cultural meeting hears Cree teacher

The Co-operative Cultural Committee held a short business meeting on Tuesday, Nov. 14 at the Percy Page Centre. The slate of officers for executive positions was presented and the following members were elected: Flo-

rence Lefebvre, chairman; Keith Hamilton, vice-chairman; Pat Hamilton, secretary-treasurer.

The chairman elect welcomed the visitors in the audience and introduced the guest speaker for the even-

ing, Cree language teacher Mrs. Anne Anderson, who was dressed in a beautiful Indian outfit.

The text of Mrs. Anderson's speech was to honor the early British, French and other pioneers who settled in the area which now encompasses to St. Albert and, in particular, the Indians who were the original inhabitants. She feels that the passage of time has erased memories of hardships they all endured.

As a Metis Mrs. Anderson is proud of her mixed Indian and European heritage. Her mother was a Cree Indian and through her mother's persistence and efforts, the Cree language survives today. In the past five years, Mrs. Anderson has been teaching the Cree language and she is gratified to see interest in the language grow. She plans to continue her work in preserving the language and traditions of the Cree Indian.

Mrs. Anderson elaborated on how the Indians and white settlers adopted new ideas from each other in order to survive, and she described the character of the Cree Indian and his native religious beliefs. She also brought along a large selection of native handicrafts and artifacts, including tanning tools which although are now 100 years old were in constant use until this year. There was an impressive display of her books including the first one published in 1970. It was for her work on these books that she received an Achievement Award from Premier Peter Lougheed at the Palliser Hotel Calgary on November 3. This year unfortunately there was a very poor turnout for the meeting.

AGT GOOD NEWS PARTY LINE

Protestant School District meetings are held every second and fourth Wednesday of every month, in the district office at 7:30 p.m.

Town Council meetings are held every Monday at 7:30 p.m. in the Clubhouse.

A major breakthrough in no-wax floors...

SOLARIAN® by Armstrong

Armstrong has never promised you a no-wax floor . . . until now. Solarian is a floor that really does shine without wax. Its exclusive Mirabond wear surface has a gleaming shine of its own. And it keeps its high gloss and beautiful colors—without waxing—far longer than an ordinary vinyl floor. Spills, dirt, even black heel marks come up easily, ending the drudgery of scrubbing and waxing. Come in and see the no-wax floor that keeps its promise.

St. Albert Savings & Credit Union Will Open New Premises Saturday

The official opening ceremonies being held Saturday afternoon at the new St. Anne Street premises of the St. Albert Savings and Credit Union will come just a week in advance of the firm's 10th anniversary date under full time operation, marking also Leo Alain's 10th anniversary as manager.

On December 1, 1963 the Union had \$30,000 in assets, and today the figure is in excess of \$1,300,000.

It was at the annual meeting three years ago that credit union members decided they should look for larger premises, in view of the annual growth rate, and the land was purchased about a year later.

The new building has more than doubled the former space, and despite some setbacks and delays in finishing up, the directors and staff are well pleased with the results and willing to bear with some minor inconveniences until everything is arranged as planned.

Official opening ceremonies begin at 3:30 p.m. President Albert Lesburg will get the ceremonies underway Saturday afternoon when he welcomes those present and Mayor Ray Gibbon will cut the ribbon to officially open the new building shortly afterwards. Guests will include MLA Ernie Jamison, the contractor and repre-

sentatives from Cuna Insurance Society and the Credit Union Federation of Alberta.

The staff and directors will conduct tours of the premises for visitors and light refreshments will be served. Staff members are Mr. Alain, Lyle Thompson, Pauline Bachand, Terry Brecknock and Karen Berger, Chris Bendick, Glen Lawson, Allen McQueen, Harold Vague and Adam Hauptman are the directors.

Credit committee members, Doug Taylor, Denis Limoges, Paul Bouchard, Eleanor Montpetit and Richard Hanneman will also be on hand, along with supervisory committee members Wm. Stewart and Peter d'Haene.

To top off the gala day, the Credit Union is holding a banquet at six o'clock at

**Strange
object
not so
strange**

Two fellows with experience in the timber business called this week to say they had no doubts whatever what the unusual 'artifact' was that Albert Lesburg found on Castle Mountain.

The first was Milton Burton of the town public works department who identified it as a "Fallers Wedge" inserted by lumber jacks in a timber cut, and the chevron markings give it more hold. Dominique Coulombe of 8541 - 89 Street, Edmonton, a former Legal resident said the same, and both men had worked in early days in the industry. The hole was used to hold it handy in a belt around the waist and often two were carried, one to aid in knocking out the other.

If Mr. Lesburg was unfamiliar with the object, so were the people he talked to at the Provincial Museum.

"Keep an eye on that parked car, Bernard. It would be just like it to gouge our fender."

the St. Albert Community Hall, when the Sweet Adelines will entertain and some Golden Altos till the witching hour, that it will be dancing to the music of Dave Terrault's.

Council to set developers pre-grading policy

Meeting in October with Mr. Wm. Marsham of Finch Crescent, for a hearing on his submission, which he sent also to the paper for publication, Coun. Bakker opened the discussion by stating that he believed the point made by Mr. Marsham with respect to pre-grading was well taken. (Mr. Marsham had asked why work began on a new area development before the public hearing on rezoning the land from agricultural to residential was held, in the neighborhood backing Finch Crescent).

Coun. Hudson felt that all the points made by Mr. Marsham, except for #7 in which Mr. Marsham said he felt there was no comprehensive plan for development of the town, were well taken and moved that the next meeting of Committee of the Whole deal with the question of pre-grading with regard to establishing policy. Mr. Marsham stated he didn't know the official view and had never heard anything on it. The mayor pointed out that pre-stripping in these circumstances is done at the developer's risk. "It looks as if the advance work is decidedly more than pre-stripping," said Mr. Marsham, "and we suffer from noise also." Noting that the practice of pre-grading had to do with winter conditions, Mayor Gibson observed that at one time council allowed no pre-development before zoning.

We all agree that Mr. Marsham's points, #5 (if the rezoning is still open to public hearing, someone acted illegally in developing the land before the zoning decision was made) and #6 (If the question has already been decided then the public hearing is a waste of time) were well taken," said Coun. Hudson. But on the matter of #7 Council did in fact take a position and stated publicly that Akinsdale would be the next community to be developed - it was not done at the drop of a hat."

Sticking to his guns, Mr. Marsham noted that he was right in two out of four examples of zoning changes as recently advertised by the Town in the Gazette.

"In one of these cases," said the mayor, "the bylaw is not yet through, and Council is investigating. Three of the four will be approved in all probability - the fourth is in Braeside, which area will not be changed from park to residential." Coun. Bakker noted that some changes are from multiple dwelling to single family residential, which given advantage to people who have moved into an area.

Mr. Marsham said that he had gone to town hall and looked at a zoning map, and had wasted a lot of time looking for a site overlooking farm land. Noting that only six of 72 houses on Finch Avenue were occupied, he said perhaps council would perhaps be hearing more protests. "You should have been told at town hall what the situation was, said Mayor Gibson, Coun. Bakker stated that the map showing the Akinsdale and river lots 44 and 45 zoning should be prominently displayed, and outline plans, where they are accessible to the people. Planner Wayne Gordon said that the portion in question by Mr. Marsham, has been zoned agricultural, allowing conversion to residential development, since 1961. He said also that Mr. Marsham's point #6 was well taken and should be considered when "we discuss pre-grading policy. Perhaps council might consider advising rezoning BEFORE discussion of a sub-division application - we face several each month."

Councillor Hudson's motion to meet in committee and establish a policy carried 6-0. Coun. de Bruijn was not present for this discussion, arriving later in the meeting.

no hang-ups...

with an electric dryer & washer

Wet wash is a hang-up. In more ways than one. So drop those clothespins and THINK for a minute. Weigh the value of your time and energy. Then consider the powerful advantages of the electric dryer-washer duo!

- Gets the job done day or night snow or rain, at YOUR convenience
- No fading by sunlight, aging by soot, smoke (dye)
- New machines with easy-to-use variable controls are designed to handle today's fabrics with maximum gentleness and efficiency
- Automatic tumble-drying is easier on clothes, keeps them softer and fluffier
- Save. On the average, electric drier will pay you about 15¢ home a year. Go on, white!
- Cuts ironing time to a minimum. Tumble-dry clothes emerge without wrinkles

Get rid of your hang-ups. See your appliance dealer.

DEFENSIVE DRIVING is a skill practiced by professional drivers... men who must exercise maximum driving care every moment they are behind the wheel. These are the commercial drivers - the bus and cross-country van operators; the police, fire and ambulance drivers.

DEFENSIVE DRIVING is the professional skill that should and must be practiced by every licensed motorist in Canada... if we are to reduce the number of traffic accidents that occur every year.

THE DEFENSIVE DRIVING COURSE is the program aimed at traffic accident prevention. It offers every licensed motorist in Canada a standardized method for improving his driving ability through the practice of Professional Safe Driving Techniques.

THE PROGRAM is geared to the local community level and is presented through cooperating agencies, course sponsors, and CSC trained instructors.

THE COURSE IN ACTION. For a period of eight hours (usually, two-hour sessions, one night a week, for four consecutive weeks), groups of not more than 25 persons - licensed private motorists who want to improve their driving skills - are exposed to the techniques of defensive driving. And because classes are small, each student has an opportunity to participate in the discussions.

MORINVILLE MEMOS

By Flo McGinnis

Please accept my personal apologies for not even having one sentence of the Memos last week.

Received word from Paul Brochu, municipal administrator, that there is now fluoridation in the Town water supply.

The Morinville Lions Figure Skating Club held their registration night on Nov. 6 with a fairly good turnout of parents. Special guest speakers for the meeting were Mrs. Iris Arndt and Mrs. Mary Taylor, president and treasurer respectively of the R.S.A. Edmonton. They both spoke on the Canadian Figure Skating Association, and were able to answer the many questions that parents had. Election of officers with two new positions filled on the executive. The 1973-74 executive members are: President - Rena Bland; vice-president - Peggy Butt; secretary - Lois Mulligan; treasurer - Doreen Streeter; officers - Shirley Anelli, Maureen Campbell, Pauline Cormier, Madeline Sylvestre, Mary Trach. This sea-

son there are 75 children registered, under instructors Marg and Sharon Sullivan of Bon Accord. You are welcome to call Rena Bland at 256-3059 or 256-3179, and Lois Mulligan at 256-3048 if there are any questions regarding figure skating in Morinville.

Mr. and Mrs. G. Harmidoss Boissonnault of Alhambra are the proud parents of a baby boy. Little Harmidos Paul was born October 20, weighing in at 4 lbs. 12 ozs. Proud grandparents are Mr. and Mrs. T. H. Boissonnault of Morinville and Mr. and Mrs. Yvon Benoit of Vegreville. Baptism was Nov. 18 with Louise and Normand Boissonnault acting as God-parents.

At the annual meeting of the Frontier Dance Association held Wednesday, Nov. 14, three new directors were elected for terms ranging from one year to three years. New directors are: Mrs. Maryann Gibault, Mrs. Jean Robinson and Mr. Carl Royan. Father Primeau was elected manager for another year. At the first meeting of

the executive the new directors will draw straws for their term of office.

We received news that Santa Claus will be visiting Morinville on December 1st to talk to all the youngsters and find out exactly what their Christmas Wish is for 1973. Santa will be in the Maeloide Store from 1 - 5 p.m. Since this is the only visit that Santa pays to Morinville, bring the kiddies down to see him and let them "ask" first hand.

George West reports from the cubs and scouts that there are still some candles left from the candle drive. If you would like one or more for Christmas gifts please call George at 256-3146 or Doreen Knorr at 256-3440.

The Rendezvous Club (Senior Citizens) are having a whist drive and bingo on Friday, Nov. 3 beginning at 8 p.m. in their Clubhouse. Everyone is welcome to come out for an evening of cards and companionship. They will serve their usual delicious lunch.

Also from the Senior Citizens comes the news that the bazaar, tea and bake sale they held recently was quite a success. The club wishes to express their sincere thanks to all those who helped make this venture turn out so well.

In this day and age it isn't very often that we see "lost articles" returned, especially from our schools. It seems, but whoever the good samaritan was that returned the pair of boots to the Carlson residence deserves a big thank you. It's sure nice to see someone who really tries!

The registration night that was held to get the power skating program underway in Morinville met with far below par attendance. Perhaps it was due to the fact that there were so many other meetings etc. on the same night. At any rate the power skating program has been set up and as things stand now it appears that instruction will be held on Saturday mornings immediately following the figure skating lessons. If you would still like to register someone in the program you are asked to call Lois Mulligan at 256-3048.

Lepage - Boissonnault Wedding

By Flo McGinnis

A pretty afternoon ceremony was held on October 27 in St. Jean Baptiste Roman Catholic Church in Morinville uniting Stella Boissonnault, eldest daughter of Mr. and Mrs. T. H. Boissonnault and Robert Lepage son of Mrs. Cecile Lepage, all of Morinville.

Rev. Father Primeau officiated at the double ring ceremony, and organist Carmen Boissonnault and soloist Irma Bulger.

The charming bride wore a gown of neu de soie with bodices and trimming of french lace, featuring lily point sleeves and a full train. Her chapel veil was held in place with a crown of lace and pearls, while the bridal bouquet was of yellow roses.

Bridal attendants Paulette Boissonnault, Mrs. Louise Boissonnault, and Priscille Houle chose identical gowns of turquoise velvet with bouquets of white carnations.

Groomsmen Richard Lepage, Normand Boissonnault, and Adrien Houle were attired in Tuxedos. Ushering the guests were Harmidos Boissonnault Jr., and Gordon Jossy.

For her daughter's wedding Mrs. Boissonnault chose a gown of deep purple tulle trimmed with pearls. Silver accessories and a corsage of pink roses completed her ensemble.

The mother of the groom wore a gown in peacock blue tulle trimmed with silver and accented by silver accessories and pink roses on corsage.

At a banquet for 140 guests held in the Morinville Recreation Centre, Mr. Norman Chailfoux acted as master of ceremonies while the toast to the bride and groom was presented by Bernard Meunier. Continuing the bridal table was a three tiered cake made and decorated by Mr. Bernard Meunier. A telegram was read from St. Therienne Boissonnault (aunt of the bride) in Spokane, Washington.

Out of town guests attending the wedding were from Clearwater, Kamloops, and Ladner in B.C., and from Alberta points of - Calgary, Regina, Red Deer, Vegreville, Camrose, McLellan, Swan Hills, Clyde and Athabasca.

Later in the evening a reception and dance was held for 600 guests. The bridal bouquet was caught by Pauline Belanger, while Paul Poirer caught the bride's

garter. For her honeymoon trip to Waterton, Banff and U.S. points, the bride donned a yellow and navy dress with matching yellow shoes and an orchid corsage.

The happy couple are residing in Edmonton where Stella is employed at the Health Unit Administration Building. Robert is commuting to Morinville where he continues his employment at the drug store.

Gibbons 4H Light Horse Club

On Thursday, November 8 the Gibbons 4H Light Horse Club held their reorganization meeting for the 73-74 year in the Gibbons Sunday School. The newly elected officers are: President - Sharon Kish; vice-president Sylvia Bowman; secretary - Chris Hood; treasurer - Susan Bowman; club reporter Bev Epp; club historian - Cheryl Beaque. Lunch committee consists of Pat Epp and Mitch Beaque. The club also set the schedule for the coming year. Meetings will be held at 7:30 p.m. the first Thursday of each month. This year the club has 20 members. It is hoped that this coming year will be as successful as the last. Last year the club won four challenge trophies from the four inter-club shows they attended, including the Northwest 4H Regional Horse Show. These trophies are now on display at Gibbons School in the main hall. The week of November 10-16 is National 4H Club Week in Canada. Everyone is encouraged to support their local 4H clubs.

Horse Hill Report

By Peggy Wenzel

The Fall Frolic - first dance in the new Horse Hill Centre, drew a capacity crowd of community people and friends, including some former residents of the district.

An added attraction at the dance were the cocktail waitresses who are to be congratulated on the fine job they did. Committee members

who looked after the organizing and arranging of the frolic were Joan Clark, Donna Mullen, Maryanne Duggan, Floyd Cruden, Don Hood and Walter Obirgwith, and they are liable to be in demand again, since all present are looking forward to future dances of this nature. Music by the Serinks orchestra kept the floor crowded all evening.

The person who took home a new pair of black leather snow boots by mistake, is asked to call 799-5123 to make arrangements for exchanging them.

Our Half Acre

Who needs aswill?

THE HOMEMAKER

By Pat Prymak
District Home Economist

People often mistakenly assume that wills are for rich people who have bags of money to disperse. The truth of the matter is that the less we have, the more necessary there is for leaving our affairs in order. Because if we die without a will, legal expenses will be incurred which swallow up the little we do own.

A good will does several things: (1) It satisfies the owner that his wishes will be carried out; (2) It avoids legal expense and delay; (3) It appoints guardians for

minor children; (4) It overcomes resentment among beneficiaries. Of these, the last is perhaps the most important.

There is a particular need for women to have a will of their own. It is mandatory in this age wherein husbands and wives are vulnerable to all hazards of motor travel. The legal complications following an accident where the husband and wife die together, can have phenomenal implications for survivors.

Alberta Survivorship Act must also be considered. When two or more persons die in circumstances rendering it uncertain which survived the other the young-er is presumed to have survived the older.

Any mentally competent person of 18 years of age

may make a will. A will may be revoked at any time, either by making a new one, or by destroying the old one. A person's will is normally revoked upon marriage, unless the will specifically states that it is being made in contemplation of that particular marriage.

The person best qualified to draw up your will is your lawyer. It is important to advise immediate members of your family where the original will is located (preferably a safety deposit box or other fireproof storage). If moving to another province or country, check to see if the laws regarding wills are the same. For example a holograph will is recognized in Alberta but not in all Canadian provinces.

Executors and administrators have three primary duties in handling an estate:

(1) To gather all assets of the estate.

(2) To pay all legal debts, taxes and expenses of the estate.

(3) To pay out the balance of the estate in accordance with the terms of the will, or under provisions of the Intestate Succession Act, as the case may be.

To dispose of our property in the way we wish is one of the privileges of the democratic way of life. We should not reject this freedom by leaving the job to an austere government department.

Rapeseed Plebiscite

In addition to the meeting held on rapeseed plebiscite in Legal on November 23, the following meetings will be available to rapeseed producers:

November 29 - 1:30 p.m. at the Sportex Building, Exhibition Grounds, Edmonton.

November 29 - 7:30 p.m. at the Clyde Community Hall

Emergency Assistance

The Alberta Department of Agriculture will assist farmers who were plagued by abnormal weather conditions (example - drought, snowed-under crops, etc.).

The program applies to all parts of the province and includes guaranteed loans of 15 dollars per acre to a maximum of 75 hundred dollars. Applicants will be required to sign provincial crop insurance forms available from local agents.

Application forms will be available in the District Agriculturalist's office. The cut-off date will be January 31, 1974.

New Programs

Labour assistance for livestock facility development is now available. Farmers whose main occupation is farming, and farming their business are eligible to claim for labour expended in the construction of livestock facilities. Prior approval is required before instruction is to begin.

Contact the district agriculturalists office in Morrisville for further information 256-3351.

Assistant DA Appointed

Mr. Bob Berry has recently been appointed Assistant District Agriculturalist at Morrisville by the Alberta Department of Agriculture.

Bob comes from Langley, B.C. where his family owns a dairy. This will be his first winter in Alberta! Bob attended the University of B.C. and graduated in 1972 with a Bachelor of Science degree. He majored in animal science with emphasis on animal breeding and genetics.

Bob is married and rents a house in Morrisville.

BOB BERRY

Seed Plant Meeting

The Morrisville Crop Seed Cleaning Plant annual meeting will be held at Morrisville in the M.D. Building, on Saturday, December 1, at 2 p.m. All members are invited to attend.

Management Courses

Another course on farm management will be offered starting in January 1974 and running for four weeks.

This course is offered in conjunction with Canada Manpower.

Instruction covers livestock, nutrition, soils, crops management, accounting, engineering etc.

Twenty students are required and selection will be made by Canada Manpower who authorize remuneration.

Interested persons are invited to leave their names at the D.A.'s office.

Investigate charter flights

By Pat Prymak, District Home Economist.

Swaying palm trees, fine white sand, hot sun or Eiffel Tower, French shops, Riviera . . . are these some pictures you've painted in your minds for holidays? If so, lucky you.

Next to financing a trip of this type, the problem is how to get there. A chartered flight? Why, of course! Only, you BEWARE. In the October, 1972 issue of "Alberta Consumer" the Consumers' Association of Canada had this to say about chartered flights.

Usually, a passenger on a charter flight has no con-

Livestock Courses

By W. O. Klatt, District Agriculturalist

The following short courses are available to all interested producers:

Cattle Nutrition - November 30 - J. Martin and Ken Spiller.

Cattle Diseases - December 3 - Dr. Wheatham.

These courses will begin at 10 a.m. and run to 3 p.m. with one hour for lunch and will be held in the M.D. Building at Morrisville. Everyone is welcome and bring your neighbor.

tract with the airline that is to carry him; the contract is with the charter promoter who in turn theoretically has a contract with the airline. It is in the passenger's own interest to deal only with legitimate chartering organizations.

Travellers should watch for the following indications that a charter flight may not be legitimate and may not be performed as promised:

The flight is advertised in a newspaper, on the radio or on television. Bona fide charter flights are not permitted to advertise in the mass media and are not permitted to solicit passengers from the general public.

The traveller is asked to join a club and accept a backdated membership. Legitimate charters must involve clubs or associations whose main purpose is not travel; legitimate charters may accept as passengers only members who have been with the club for at least six months.

The promoters are unwilling to disclose the name of the airline that will perform the flight. They may not have a contract with any airline and may not intend to make one until just before the scheduled flight if at all.

The promoters' set-up

A Warm Idea For Winter

BEFORE BUYING

Decide what you want most: style, warmth, serviceability, or economy. Choose on the basis of how you'll wear the garment, as well as on your preferences as to the looks of the fur. If your budget is limited, select a style with simple, easy fitting lines, which can be used for day or evening wear. Unless your heart is set on one type of fur, examine garments of several different furs within your price range, and some at prices above and below what you plan to pay. This will give you an idea of quality differences. A top quality of a lower-priced fur would be a better buy than a low quality of a higher-priced fur.

STORES

Visit several well-established furriers, known for their reliability and fair dealing. The place you buy your fur should also have facilities to care for furs; in other words, it should offer mending, cleaning, and storage services. Don't hesitate to ask questions. A good dealer expects you to compare and find out all about such an expensive purchase before buying.

WHAT TO LOOK FOR

1. Examine and compare different types of fur. High price does not always indicate quality.

2. A good quality fur will appear bright and lustrous, uniform in color, depth, and texture, and the leather will be soft and pliable, yet firm and strong.

3. Lush, thick fur will look better, take the friction and pressure of sitting. Check for density by blowing on the edges of the coat fronts: it

should spring back quickly and fully.

4. Look for full thick fur or plenty of guard hairs (the longer, coarser, shiny hairs) at points of wear such as cuffs, pockets, edges, and back of neck. The front edge should be folded over, rather than faced.

5. Dyed or bleached fur discolors in time. If a fur is over-bleached, the hair tips curl over and may break off.

6. Look at the coat's lining. Check the workmanship (How is it cut and sewn together? Are the stitches too big? Is it properly finished?) This is very important, as the lining will take strain before the pelts, and will therefore prolong the life of the fur. Be sure to check buttons also, to make certain they are attached firmly and have good-sized holders.

7. If the coat has a "French" or open hem, you can examine the leather behind the fur. The fur is poor quality if there are brittle areas or if hairs show through the skin. If the leather has seams, check to see if they are scattered at random (indicating repairs) or in a regular pattern (indicating that the skin has been "let in" or "let out").

If repairs are not visible on the fur side, there is nothing wrong with having them. If the fur is let in or out, it means it has been cut in strips and sewn back together in a staggered pattern to change the shape of the pelt. This is an expensive process, not used on less valuable pelts.

Tough Grain

Assistance is available to Alberta farmers who have harvested damp or tough grain and who treat grain with a preservative. The department agrees to pay the cost of rental of applicator based on custom application rental of three cents per pound of chemical used. Applications will be available from the district agriculturalist.

REPORT FROM GIBBONS

By Ron Coley

When the Gibbons Public Library opened on Nov. 3, a good turnout was expected from all of the response to the book drive. There was not even a curious onlooker. Are the people of Gibbons so well entertained and informed that there is not a reason to read a book? Where are all the people who were so pleased to have a library in the village?

The library has a good selection of new books to please everyone's tastes. If you do not see a book on the shelf that you want, it can

Namao 4H Beef Club

By Jim Fewchuk

The Namao 4H Beef Club had its reorganization meeting on October 17. The club consists of 16 members.

An election of officers was held at the home of Mr. and Mrs. D. Bowman, with Doug Bowman as leader; assistant leader, Jack Stott; president, Will Mitchell, vice president Tim Sweeney; secretary Margaret Engley; treasurer, Wendy Bowman; club reporter, Jim Fewchuk; project chairman, Terry Vaulchuk; chairman of entertainment committee Teresa Engley and the adult committee consisting of the parents of the members.

A delicious lunch was served by our hostess Mrs. Bowman. The next meeting will be held on Dec. 3 at the home of Tim Sweeney.

be obtained from Edmonton. It may be a small library but it is well organized and will be pleased to serve you. Do not take a dim view on the library because it is all run on a voluntary basis. Come out and see for yourselves. Membership is open to all the people of Gibbons and area plus all the surrounding communities, Bon Accord, Horse Hill, Namao and anyone who does not have a library at their service.

The library board would like to start a Childrens Hour and some special programs for the Senior Citizens, but there are only a few people using the facility. The library board can only assume there is not enough interest to attempt such programs. In order to raise money to purchase new books, for the Childrens Section, Advent-Calendars will be sold at the library. The calendar (for the period beginning Dec. 1 and ending on Christmas Eve) shows a series of windows, doors and doorways. Everyday you open one to reveal a pleasant little Christmas Picture. The calendars are being sold for a small sum of 50¢ each. This would be an ideal little surprise for a little girl or boy, and people could drop in and see the new library and support it at the same time. Hours are: Monday 6:30 to 9:30 p.m., Wednesday 12:30 to 3 p.m. and Saturday 1 to 3 p.m.

Get well wishes to Karen and Douglas Cosmano, and Donny Rowsell Jr., all in the Fort Saskatchewan Hospital.

Congratulations to Mr. and Mrs. Army Williams, on the birth of their second child. A little girl, Angela Louise, born November 8, 1973, weighing 5 lbs. 12 ozs.

The Legion are holding their turkey bingo on Dec. 5 at 8:30 p.m., with 20 games at \$2 for 20 turkeys. There is one door prize and proceeds will go to the Legion Building Fund.

Get well wishes are sent

to Mr. Jack Hogg, who is in the General Hospital and to Mrs. Reta Lafreniere, who is in the Charles Cammell Hospital. A speedy recovery is wished by all.

The first Legion Bingo was held on Nov. 15, which had a good turnout. There will be bingos held every Thursday night at 8:30 in the Legion Hut. Everyone is welcome.

The senior hockey club will be going around to the homes in and around the Gibbons area, to collect donations for the Arena. You may either donate or make a pledge towards the area. All donations will be greatly appreciated. Remember, this arena is for everyone's use.

Get well wishes to Karen and Douglas Cosmano, and Donny Rowsell Jr., all in the Fort Saskatchewan Hospital.

Congratulations to Mr. and Mrs. Army Williams, on the birth of their second child. A little girl, Angela Louise, born November 8, 1973, weighing 5 lbs. 12 ozs.

The Legion are holding their turkey bingo on Dec. 5 at 8:30 p.m., with 20 games at \$2 for 20 turkeys. There is one door prize and proceeds will go to the Legion Building Fund.

NAMAO NEWS

By Norma Crozier

Audrey Gibson has returned home from her trip to the National 4H Conference in Toronto. Eight 4H members from each province as well as eight members from the United States attended the conference to discuss current 4H issues and exchange ideas. While in Toronto the

delegates toured the Welland Canal lock system, Niagara Falls, the Ontario Science Centre, the Royal Winter Fair and attended an NHL hockey game at Maple Leaf Gardens.

The Namao Haplette Club will sponsor a shower for Kathy Ward on December 5 at 8 p.m. in the Namao Community Hall. Kathy, oldest daughter of Mr. and Mrs. Jim Ward will be married to Mr. Ross Barros on Saturday, December 15 at Robertson-Wesley United Church.

Namao UCW wishes to thank all who contributed to the drive for Blissell Centre. The good response made this a worthwhile project.

The Namao Haplette Club held a most successful bazaar, tea and bake sale on Saturday afternoon. They express thanks to all who helped and contributed to this project. Winner of the quilt raffle was Mrs. Kay Horricks.

Clay Crozier, coach of Namao's senior hockey team advises that practices will begin at the Namao open-air rink as follows:

November 26, 27, 28 and 29 - 8 p.m., Saturday, Dec. 1st - 8 p.m. and Sunday, Dec. 2 - 10 a.m. Also Dec. 3, 4, 5 and 6 at 8 p.m. Anyone interested in trying out for the team is most welcome to attend.

Gibbons Council plans development

ointed as the village representative on the Library Board.

The three mill grant that was budgeted for recreational purposes was ordered paid by a motion. This cheque will be sent to the Recreation Board immediately.

An election will be held in the Village to fill the vacancy on council by the resignation of Mrs. G. Morin.

Nomination day will be held in the Village office from 10 o'clock a.m. until 12 o'clock noon on Friday the 30th day of November, 1973. Election day if needed will be held in the council chambers on Friday, December 14. Mrs. Ada McLean as part time office assistant was appointed enumerator for the election.

Jones Ouellette Wedding

MR. & MRS. STEPHEN JONES

By Lucienne Montpetit

On November 3rd, St. Emile's Church was the setting for a beautiful twilight wedding of Lina Ouellette and Stephen Jones. Father Bissonnette celebrated the nuptial mass for the daughter of Mr. and Mrs. Roger Ouellette of Leduc and the son of Mr. and Mrs. Kenneth Jones from Edmonton.

Sprays of blue mums and white carnations were arranged in the sanctuary. The Legal Hootenany Choir sang appropriate selections for the occasion. Mr. Leonard Blanchette read the readings from the scriptures.

The bride, given in marriage by her parents, was elegant in her velvet gown, empire waist style featuring a sheer yoke trimmed with organza and stand-up collar. Her long sleeves were gathered to wide cuffs. Her floor length veil was attached to a wide brim velvet had edged with lace. She carried a lovely bouquet of tinted royal blue carnations and baby's breath.

The bride's attendants, Christine Joly, Pauline Ouellette, Agnes Blanchette and the petite flower girl Susan Ouellette were charming in their royal blue velvet gowns. They carried white fur muffs topped with blue flowers.

Best men were Richard Drehek, Graham Jones and Camille Ouellette. Ushering the guests were Graham Jones and Camille Ouellette. Following the ceremony a dance and refreshments were held at the community hall with some 225 guests. A midnight supper was enjoyed by all.

Mr. Ward was master of ceremonies for the occasion. Raymond Ouellette presented the toast to the bride. To receive her guests Mrs. Ouellette chose a red velvet gown complemented by a white orchid and silver accessories.

Mrs. Jones was lovely in her gown featuring a flowered bodice with a navy blue skirt with a white orchid corsage.

Stephen and Lina are making their home in Edmonton.

Out of town guests were Mrs. George Downer, Mrs. Gillian and Mrs. McGregor from Richmond, B.C. Mrs. June Brown, Winnipeg; Mr. Pete Nukalon, Thunder Bay, Ont.; Mr. Mike Lawrence Delta, B.C. and Mr. and Mrs. Martin Baert, Slave Lake.

Gospels Combined

U.S. publishing rights for Charles Templeton's book JESUS have been sold to Simon and Schuster for an advance against royalties of \$30,000.00. In making the announcement today, the information was also released that Pocket Books Inc. had acquired U.S. paperback rights from Simon and Schuster for an additional advance of \$30,000.00.

According to Jack McClelland this combined advance is one of the largest sums paid to a Canadian author in advance of publication for many years. Four American publishing houses were involved in the bidding.

JESUS was published in Canada by McClelland and Stewart in April of this year. It is a modern English-blending of the four Gospels into one story. Compiled by a distinguished committee of scholars, chaired by Charles Templeton. It climbed onto the Canadian bestseller list immediately on publication and remained there for 19 weeks.

The Canadian edition of the book has gone through two printings and over 12,000 copies are now in print. The publishers expect to go back to press again before Christmas.

AROUND STURGEON

Mrs. Emma Meunier, formerly of Morinville, passed away at Kamloops, B.C., on November 19 at the age of 65 years. She leaves to mourn her husband, Phillip, five daughters, Mrs. Roseanne Meadowcroft, (Kamloops), Mrs. Louise Briscoe (Libby), Mrs. Madeleine Sero (Kamloops) and Mrs. Paulette Dunlop of Robb, Manitoba; two sons, Leonard of Whitecourt and Jean-Louis of Vancouver; 26 grandchildren and three great grandchildren.

Funeral services will be held at Our Lady of Perpetual Help Church in Kamloops on Friday, November 23. No flowers please. Donations to the Cancer Society will be accepted. The sympathy of the district is extended to Mr. Joseph of Chateau Sturgeon, Legal and Mrs. Roger Champagne of Morinville.

Guess what this is

What's blue, tubular and costs \$50,000?

Hugh LeRoy, a Montreal artist, has received \$50,000 from the federal government for a new piece of sculpture which was to be assembled today in the southwest court of the national defence headquarters at Laurier and Nicholas.

The sculpture was commissioned after approval by the public works advisory committee on art.

It is a blue, tubular, curved form of glass fibre coated with blue pigment, weighing 4,000 pounds, rising 28 feet at one end and 23 feet at the other.

One person describing it suggested it looks like a huge steel girder twisted out of shape by an angry Paul Bunyan.

The \$50,000 includes the full cost of design, material, shipping and installation.

There are now eight pieces of art in and around the defence headquarters including the Robert Murray "Tundra" object on the canal side of the building, which have cost the Canadian taxpayer a total of \$201,000.

---Ottawa Journal

Leg. Aux. marks 25 years

By John Bulger

Saturday, November 10, the Legion Hall was the scene of a joyous occasion when 50 couples gathered to celebrate the 25th anniversary of the Royal Canadian Legion Ladies Auxiliary "Morinville Branch."

Guests enjoyed cocktails and renewing old acquaintances prior to sitting down to the hot turkey supper which had been prepared by Bob Ringrose and the Mrs.'s Rockwell, Flannigan, Bulger and Ellis.

Comrade vice-pres. Jim McClary was master of ceremonies and introduced head table guests: Mayor and Mrs. Stapleton, Mrs. Kay Rossiter (District Commander, Ladies Auxiliary), Percy Rossiter (District Commander, District #2), Mrs. Audrey Borle (Pres. Morinville Ladies Auxiliary), Emilie Borle, Mr. Don Brown (Morinville United Church Minister), and Mrs. Shirley McClary.

Mayor Stapleton addressed those assembled in his amiable fashion, in words which pointed out and strengthened the 1973 Legion Poppy Theme, which was "If You Can't Remember - Think."

Speaking on behalf of the Ladies Auxiliary, Mrs. Borle thanked everyone who was responsible for arranging the gala celebration in honor of their 25th anniversary.

Before making presentations, Mrs. Kay Rossiter, District Commander, spoke about Ladies Auxiliaries' activities and how they assist individual Legion Branches by their many hours of faithful work.

A Life Membership and a Charter Membership were presented to Mrs. Pat Krauskopf and Mrs. Mary MacDonald, while Mrs. Mary Saunders received a Life Membership, and Mrs. Marion Kramps was awarded a Charter Membership.

Receiving 15 year pins were: Joe Calder, Audrey

Borle, Lorette Craig, Pauline Skinkowry, Cassie Gordon, Vicki Saffin, Albertine Saffin, Lucy McLeellan and Elene Lafreniere. Mrs. Yvonne Vranas received a 10 year pin, and a 5 year pin went to Mrs. Dorothy Pelletier.

Following the presentations to members Mr. the Ladies Auxiliary, Comrade Percy Rossiter made a presentation of a 25 year pin to Comrade Lou Calder.

Branch #176 Vice-President Comrade Jim McClary made a special presentation to Comrade Maury Legge on behalf of the branch members for her continued efforts in Legion work during the past two years. Mrs. Jo Calder received a gift of appreciation from the men's Branch #176 for her untiring work on their behalf.

After the official closing ceremonies the guests enjoyed an evening of refreshments and dancing to the music of the Chalfout Band.

Sunday, November 11 the Branch's annual Remembrance Day service was held in the Legion Hall with Comrade Jim McClary in charge. Mr. Don Brown, United Church Minister led those assembled in prayer, while scripture readings were given by girl guide Linda Jacobs and boy scout Danny Robinson. Comrade Maury Legge presided at the piano for the singing of "O Canada" and the hymn "O Valiant Hearts."

Following the inside service, Comrade Sgt-at-Arms Frank Truman was in charge of the short, but chilly parade which was led by the RCMP Guard of Honor. Parading to the Cenotaph for the Wreath Laying Ceremonies were the Legion Color Party, Legion and Ladies Auxiliary members, guides and brownies, cubs and scouts, representatives of several local clubs and organizations, and the public at large.

Wreaths were laid by: Mayor Stapleton - Town of Morinville, Audrey Borle - Legion and Ladies Auxiliary Cpl. Howard Lamb - RCMP Pat Krauskopf - Mothers of Canada. Also laying wreaths were the Misses Lamb and Vranas on behalf of the guides and brownies, and Master's Meunier and Sacher on behalf of the cubs and scouts. Wreaths were laid on behalf of some 14 local businesses, "in remembrance" Miss Carmen Schafers was bugler for the ceremony.

les while Comrade Lou Calder gave the reading of "In Flanders Fields."

Later in the afternoon a informal gathering was held for Legion members and their guests with a buffet meal served by the ladies of the branch. Comrade Jim McClary provided taped music which brought back nostalgic memories for many of those present.

A special thank you from Branch #176 is hereby extended to Dena Ellis, Glen and Laurie Bulger who gave so graciously of their own free time on November 10 to assure the success of our Poppy Drive. Also we would like to thank the Morinville Hardware, Super A, and the IGA for allowing their premises to be used as distribution points for poppies, and to the local business establishments who purchased wreaths this year. Your contributions toward our Poppy Drive is indeed appreciated.

Legion members are reminded that elections for the 1974 executive council will be held on December 6. A nomination board is available at the Legion Hall for your nominations, and all positions on the council are open this year. Your attendance at this and all meetings will show your interest in the local branch. So, on election night, knock on your fellow-member's door and invite him to attend with you - bring a new member! Speaking of new members - the 1974 membership renewal cards and membership forms are available from Comrade Sec.-Treas. John Bulger at 256-3128.

Last, but not least, support your branch! Turn off your t.v. for a few hours, invite a guest or prospective new member to our branch for an evening of comradeship fun and relaxation. See you at the Legion Hall in Morinville.

"THE BRIEFCASE"

Vileneuve 4H holds awards night dance

By Liz McLeod

Vileneuve and district can be justly proud of their 4-Hers who had a very successful 34th year of operation, and gaining the Grand Champion plus many other awards.

After much persuading there will be a Vileneuve 4H group again this year with Marcel Kerekhof as leader and Real Durocher as assistant. It would have been too bad not to continue after such a good record of service to say nothing of how it helps these young people to become good citizens of tomorrow.

Words just can't express the family fun that was realized at the dance Nov. 11 in Vileneuve's Hall where 4H members, their families and friends enjoyed the music provided by the "Golden Allos," with fathers getting their daughters up to dance as well as mother's pulling their sons on to the floor.

In no time at all persuasion wasn't necessary as "Young Canada" had a ball. Perhaps the pretty young miss in blue captured the hearts of all present with her agility and darlings smile whilst never missing a beat or a dance. She couldn't have been more than three years old if that.

However when the moment of truth arrived, President Julie Lesburg called

for order and the program began with Julie's well chosen words of thanks to the leaders, Mr. Real Durocher and Marcel Kerekhof and to all the parents, who are most important too, and to the district for their solid support of this 4H club. She told of how 4H has helped her not to be frightened before a microphone and said work in general being very rewarding.

Secretary, Denise Kerekhof reported on activities, followed by treasurer Jocelyne Durocher who also assisted later handing out the trophies.

Everyone enjoyed hearing the winning speeches in the public speaking contests. Jocelyne Durocher captivated the audience with her version of a good and bad t.v. commercial and the effect on a family listening. Your a natural born entertainer Jocelyne.

Junior winner Denise Kerekhof, was amazingly calm, spooking her audience with a revelation of how the authorities could catch a would-be bank robber. A real fiction writer in the making and Denise you held your audience's attention well.

After this well planned program it was time to hand out the awards: the Grand Champion trophy sponsored by The Bank of Montreal - St. Albert was presented to Denise Kerekhof of Calahoo.

The Reserve Champion trophy by the St. Albert Savings and Credit Union was presented to Jack Kerekhof Calahoo.

The Efficiency trophy by Veneas Distributors, St. Albert went to first place winner - Denise Kerekhof.

The CJD Implements tro-

phy went to the second place efficiency winners, a tie between Norah Terrault and Jack Kerekhof so both will receive one.

Andre Borle of Vileneuve supplied the trophies for the best resort books and these went to Norah Terrault and Denise Kerekhof.

The first place judging trophy was donated by Case Power and Equipment Ltd., Edmonton and presented to Jack Kerekhof.

Sturgeon Valley Equipment, St. Albert supplied the second place judging trophy and Julie Lesburg was the recipient.

David Soetaert gained first in showmanship and the Mark MacDonald Trophy. Reggie's Hardware, St. Albert donated the trophy for the second in showmanship, Kathy Sobolewski. Lesburg Farms Ltd. sponsored the Daily Gait trophies won by Denise Kerekhof and Norah Terrault.

Ed Savole expressed his and his wife's pleasure in supplying the trophies for the best in "grooming" which he hopes to continue for many years to come. First place went to David Meunier and second to Denise Kerekhof.

In the senior public speaking the Vileneuve CWL sponsored the trophy for the first place winner - Jocelyne Durocher. Sturgeon Valley Fertilizers supplied the second place trophy, going to Julie Lesburg.

The Vileneuve Athletic Association presented a trophy for the Junior speaking winner, Denise Kerekhof. Tony Durocher received the second place public speaking trophy donated by Sturgeon Valley Fertilizers, St. Albert.

The leaders had the members vote for the most valued member thus creating a congeniality trophy - given by Mr. and Mrs. Real Durocher and received by Julie Lesburg.

Perhaps the highlight of all these pleasant duties and speeches came when Jocelyne quickly told Mr. Alain of the St. Albert Savings and Credit Union that he'd be receiving a bill for his advertising, which drew laughter and amusement from the audience, to say nothing of the couple times this reporter's flash didn't work while taking pictures.

Other members received small trophies in appreciation of their drive and desire.

Dancing, fun and frolic resumed and a bounteous lunch was enjoyed by all before it was time to put the hall back in order and say goodbyes.

Report From Bon Accord

By Safie Allen

A meeting for playschool mothers will be held in the Community Centre basement on Monday, December 3 at 8 p.m. It is important that all mothers attend this meeting as plans for the Christmas party will be the main item of business.

An assistant caretaker for the rink is required. Anyone interested should contact Bill Carleton at 298-2105.

The Bon Accord Art Club has been conducting regular weekly classes at the school since Thursday, Sept. 13. This year the course is design with Mrs. Gisella Felsberg of Edmonton as instructor. So far several design exercises based on letter shapes, number shapes and piled boxes have been carried out. At present students are working one color chart. The club has 15 members this year, Mary Jane Brown, Lillian Carleton, Jean Chubb, Roberta Engley, Mary LeBlanc, Roseanne Lewis, Jim Nicholson and Keith Whitson all of Bon Accord, Martha Beelish, Henia Martynuk and Frances Clarke of Warpsite, Marjorie Tidsworth of Coronado and Barb Lewis, Judy Goudin, Twyla Tavel of Edmonton. Recently club members Mary Jane, Lillian and Jean and Mrs. Hilda Milligan visited the Jubilee Auditorium for an exhibition by the Alberta Art Foundation.

The Anglican Church Women will hold a meeting at the home of Ruth Cline, 4935 49 Avenue in the village on Tuesday, Dec. 4 at 8 p.m. Everyone is welcome to attend with a special invitation extended to newcomers.

A newly formed company "Easyroot Containers" has obtained the rights to manufacture a new product "Peat Plugs," developed by the Alberta Research Council in Edmonton and production is now underway in buildings leased from Edmonton Nursery, one half mile east and one and a quarter mile north of Bon Accord. The company hopes to employ six to eight people, male or female, on a full time basis. Basically the product is used to grow tree seedlings used in reforestation but is being adapted for use in growing bedding plants, flowers and vegetables and for general use in the horticulture and Forestry industry. Alberta Forest Service at the Oliver Nursery is already using a million of these containers yearly. These are being supplied by the Alberta Research Council until our own local industry gets into full swing. Enquiries have al-

ready been received from points in the United States and as far away as Holland. Best of luck to John Chedzoy and Company in their new enterprise. Phone number is 298-3583.

A warm welcome is extended to our most recent batch of newcomers - Mr. and Mrs. John Carlyle-Bell, Mr. and Mrs. Ken Fenwick, Mr. and Mrs. Hugh Brown, Mr. and Mrs. Arnold Sande, Mr. and Mrs. Jake Warkentin, Mr. and Mrs. Bill Magnus, Mr. and Mrs. K. New, Mr. and Mrs. D. Lee, Mr. and Mrs. Larry Kolody, Mr. and Mrs. Lawrence White, Mr. and Mrs. Ian Hitman, Mr. and Mrs. J. Weber, Mr. and Mrs. Fred Chatterton, Mr. and Mrs. D. Olson, Mr. and Mrs. Larry Johnson, Mr. and Mrs. H. Popes, Mr. and Mrs. D. VanDommslar, Mr. and Mrs. W. Doucette, Mr. and Mrs. Murray Ingie, Mr. and Mrs. K. Yuen-Jung, Mr. and Mrs. O. Rugland, Mr. and Mrs. Wm. Struynsky, Mr. and Mrs. W. Poole, Mr. and Mrs. Roland Morin and Mr. and Mrs. Gerry Morin.

The November meeting of the Ladies Community Club was held at the home of Sarah Mulligan with Ella McCullough as co-hostess. Sixteen members attended. New members, Cathie Meyer and Linda Fearnley were welcomed into the club. A lengthy financial report was given by treasurer, Miss Jean Sloan, after which the meeting voted the sum of \$800 to the community centre board. Final plans were made regarding the New Year's Eve Ball to be held Monday, Dec. 31. Tickets will soon be available from Elaine Whitson, 298-3630 on a "cash and carry" basis at \$15 per couple. There will be no reservation of tickets this year. Refreshments will be served from 9:30 - 9 p.m. supper (with lots of delicious food) from 9 - 10; dancing, from 10 p.m. - 2 a.m. Music will be provided by the "Tunesmiths." There will be novelties and noise-makers for all. The Christmas meeting will be special again this year with an exchange of gifts and a Chinese Food supper and will be held at the home of Edith Kowalski on Wednesday, December 15. For the second time in a row, Thalia Critchley was the

winner of the hostess prize.

Cadet Squad #524 held a fairly successful pie-throw on Nov. 18. A camp-out at Camp Wright at Athabasca is planned for the 23, 24 and 25 of November.

The bingo jackpot has now reached \$75 with 60 numbers to be called.

Congratulations to Mr. Louis Neilson who celebrated his 80th birthday on November 18.

The United Church Ladies fall supper on November 12 was a most successful event, with well over 300 meals being served. The ladies of the club wish to thank all those who helped waiting on tables, in the kitchen and with donations of food.

Sympathy of the district is extended to the family of Mrs. Madeline Mason, who passed away on Sunday, Nov. 11th.

The lady from the East wanted to know why Westerners were supposed to die with their boots on. "Well, m'am," drawled the cowboy, "if we die with our boots on, it won't hurt our toes when we kick the bucket."

MODULAR 4

PHILIPS COLOR TV

THE MODULAR CONCEPT...

The Philips Modular 4 chassis was designed on building block principle that avoids complicated circuits with their inherent trouble-spots, breakdown possibilities and unreliability. The Philips modular chassis was conceived to give you the most reliable color television humanly possible.

At least 90% of the chassis is modular. Four panels contain the essential circuitry and components. It is this design idea that makes it possible for Philips quality control engineers to test each module before the set reaches a full assembly condition. Each one is carefully checked and tested individually. Then, the entire assembly goes through a series of rigorous, punishing examinations before it is packed.

Result: a reliable product; enjoyable, uninterrupted viewing pleasure for you from the moment you plug it in.

SERVICE IS A SNAP

The Philips Modular 4 chassis is a marvel of Canadian electronic craftsmanship and engineering skill. Modular 4 has been designed so that if problems do occur, servicing is a quick, less costly procedure than ever before. In most cases, repairs are possible within minutes in your own home, which means you will seldom, if ever, be without your set.

THE ADVENTURER II
Model C20P123

The Adventurer is a contemporary 20" portable model, designed for those who want the full enjoyment of true-to-life color without the bulk of a console. It is conveniently sized and sensibly priced, featuring all the quality and engineering advancements of its proven big brother — the 26" Modular 4. The Adventurer sports a wood-grained durable vinyl that beautifully covers a rugged wood cabinet. The control panel section is smartly laid out with just the right touches of chrome against a rich black background. Dimensions: 24½" wide, 19" high, 20½" deep (including back cover).

THE HERITAGE — Model C26P423

Authentically designed in all that is traditional, the charm and beauty of this colonial console cabinet is enhanced by its warm styling. Antique ornamental hardware attractively adorns the "spice drawer" apron. Philips Modular 4 chassis features long life performance and assured

dependability. The cabinet is constructed of hardwood solids, decorative materials and specially selected veneers. Finished in Candlelight Maple. Smooth rolling casters are included. Dimensions: 33" wide, 28" high, 23" deep (including back cover).
